

ESCHBACH WILDCAT

Fluorescent Fire Fighting Hose

Versatile and highly flexible hose for the use in harsh terrain made of special coloured textile in yellow-orange. Manufactured from 100% synthetic polyester yarn. Innerlining made of special and high grade polyurethane.

ADVANTAGES

- Signal colour for good visibility in difficult terrain
- Low roll size diameter (ca. 25 mm / 15 m roll)
- Extreme low weight to relieve fire fighting forces
- Very good kink radius for high flexibility in tough terrain
- „Self protection“ due to percolating effect (flame test: 10 min at 960°C according to DIN14811)
- Water loss only 4.8% / Working pressure 9 bar with length 15m
- High aging resistance
- Cold resistance: up to -40°C
- Heat resistance: up to +100°C
- Low maintenance
- Binding with VA wire

APPROVALS

- Manufactured according to DIN 14811 Class1
- Tested accoring to AUSTRALIAN STANDARDS AS2792-1992
- Used in USA, Canada, Australia, Argentina, etc.

SERVICE

- Individual marking possible
- Binding with various coupling types

Diameter Inch (mm)	Weight g/m	Burst pressure	Working pressure	Test pressure
1" (25)	130	60	16	24
1½" (38)	140	60	16	24

Remark maximum working pressure:

The mentioned data is valid for the hose only. In case of fitted couplings the working pressure depends on the respective defined nominal pressure of the used coupling and the method of fitting.
